

4820 Walbridge Street Rockville, Maryland 20853

EMERGENCY RELEASE FORM

One of the school's real problems is what to do when the children have serious accidents or emergency situations arise and parents cannot be contacted. So that school personnel can act for you, without legal restraints, you are asked to sign the emergency release form below. When returned, it will be placed in your child's individual health file in the school clinic.

In the event that my child, _____, has an accident or an emergency situation requiring medical attention arises and the school is unable to contact me, it has my permission to seek any medical help it deems necessary.
